

Duane's Mazy Depths Attitude Adjustment Puzzle

O.K., so you're back to the **mazy depths** of school and things are getting unavoidably complex. It's important to keep **the right mental state** as you enter into your semester, and this puzzle will remind you of your reward if you just sit back and relax!

The first part of the puzzle is a recently popular *sū doku*:
 The puzzle consists of a 9x9 grid of squares, composed of nine 3x3 subgrids.
 In each blank square in the grid, write a single digit between 1 and 9, making sure that each digit appears exactly once in each row, column, and subgrid.

		8		6		3		1
	2		5		7		4	
3								2
	6			8			2	3
	7			4			8	
1			9		5			4
7								5
	1		2		9		3	
5		2		7		8		

Once you solve the *sū doku*, use the 9 digits found in your solution along the indicated diagonal to index an array containing the characters "MAZYDEPTH".

M	A	Z	Y	D	E	P	T	H
1	2	3	4	5	6	7	8	9

Write the characters, in order, in the slots below to reveal an appropriate state of mind. (For example, since you know the sixth digit is a 5, the sixth letter of the answer is a D.)

					D			
--	--	--	--	--	---	--	--	--
